

NIE, Huiquan

Partner, Assistant General Manager,
Manager of Quality Control
Department, Senior Patent Attorney

Working Languages: Chinese, English

Practice Experience:

Ms. Huiquan Nie has expertise in patent invalidity, patent litigation, patent prosecution, patent analysis, patent strategy and portfolio management, patent due diligence and FTO search, etc. Ms. Nie has a technical background, particularly in mechanical, automatic, electrical and electronic technologies, semiconductor, image processing, display and lighting, mechanics, automation, etc. Ms. Nie has represented well-known companies from around the world in over 1,000 patent cases. She has been recognized by many clients for helping them win a lot of important invalidation and litigation cases, including CIMC, LG Electronics, Delta Electronics, ZTE, Midea, and Dajiang. For example, in 2019, she represented HKC who was accused of patent infringement in a series of patent infringement lawsuits concerning "LCD panel" and helped the client win a series of lawsuits. In 2018, she represented the patentee, Jiangsu New Century, won a significant administrative lawsuit before the appeal court by revoking an invalidation decision on a key patent. She was awarded "Three-star Patent Attorney" by the China Intellectual Property News in 2017 and was awarded "Outstanding Patent Attorney" by the Beijing Patent Attorneys Association in 2018. Ms. Nie has written many articles on patent practice, including the article "How to Objectively Determine the Technical Facts Disclosed by a Reference Document" which was rated as an excellent paper in 2015 by the All-China Patent Attorneys Association and the article "How to Use Technical Effects and How to Describe the Same" which was rated as an excellent paper by ACPAA at the 7th IP Forum held in 2017. Ms. Nie joined Lung Tin in July 2006.

Ms. Nie was licensed to practice as a Chinese Patent Attorney in 2004 and is one of the first batches of litigation attorneys recommended by the All-China Patent Attorneys Association in 2013.
